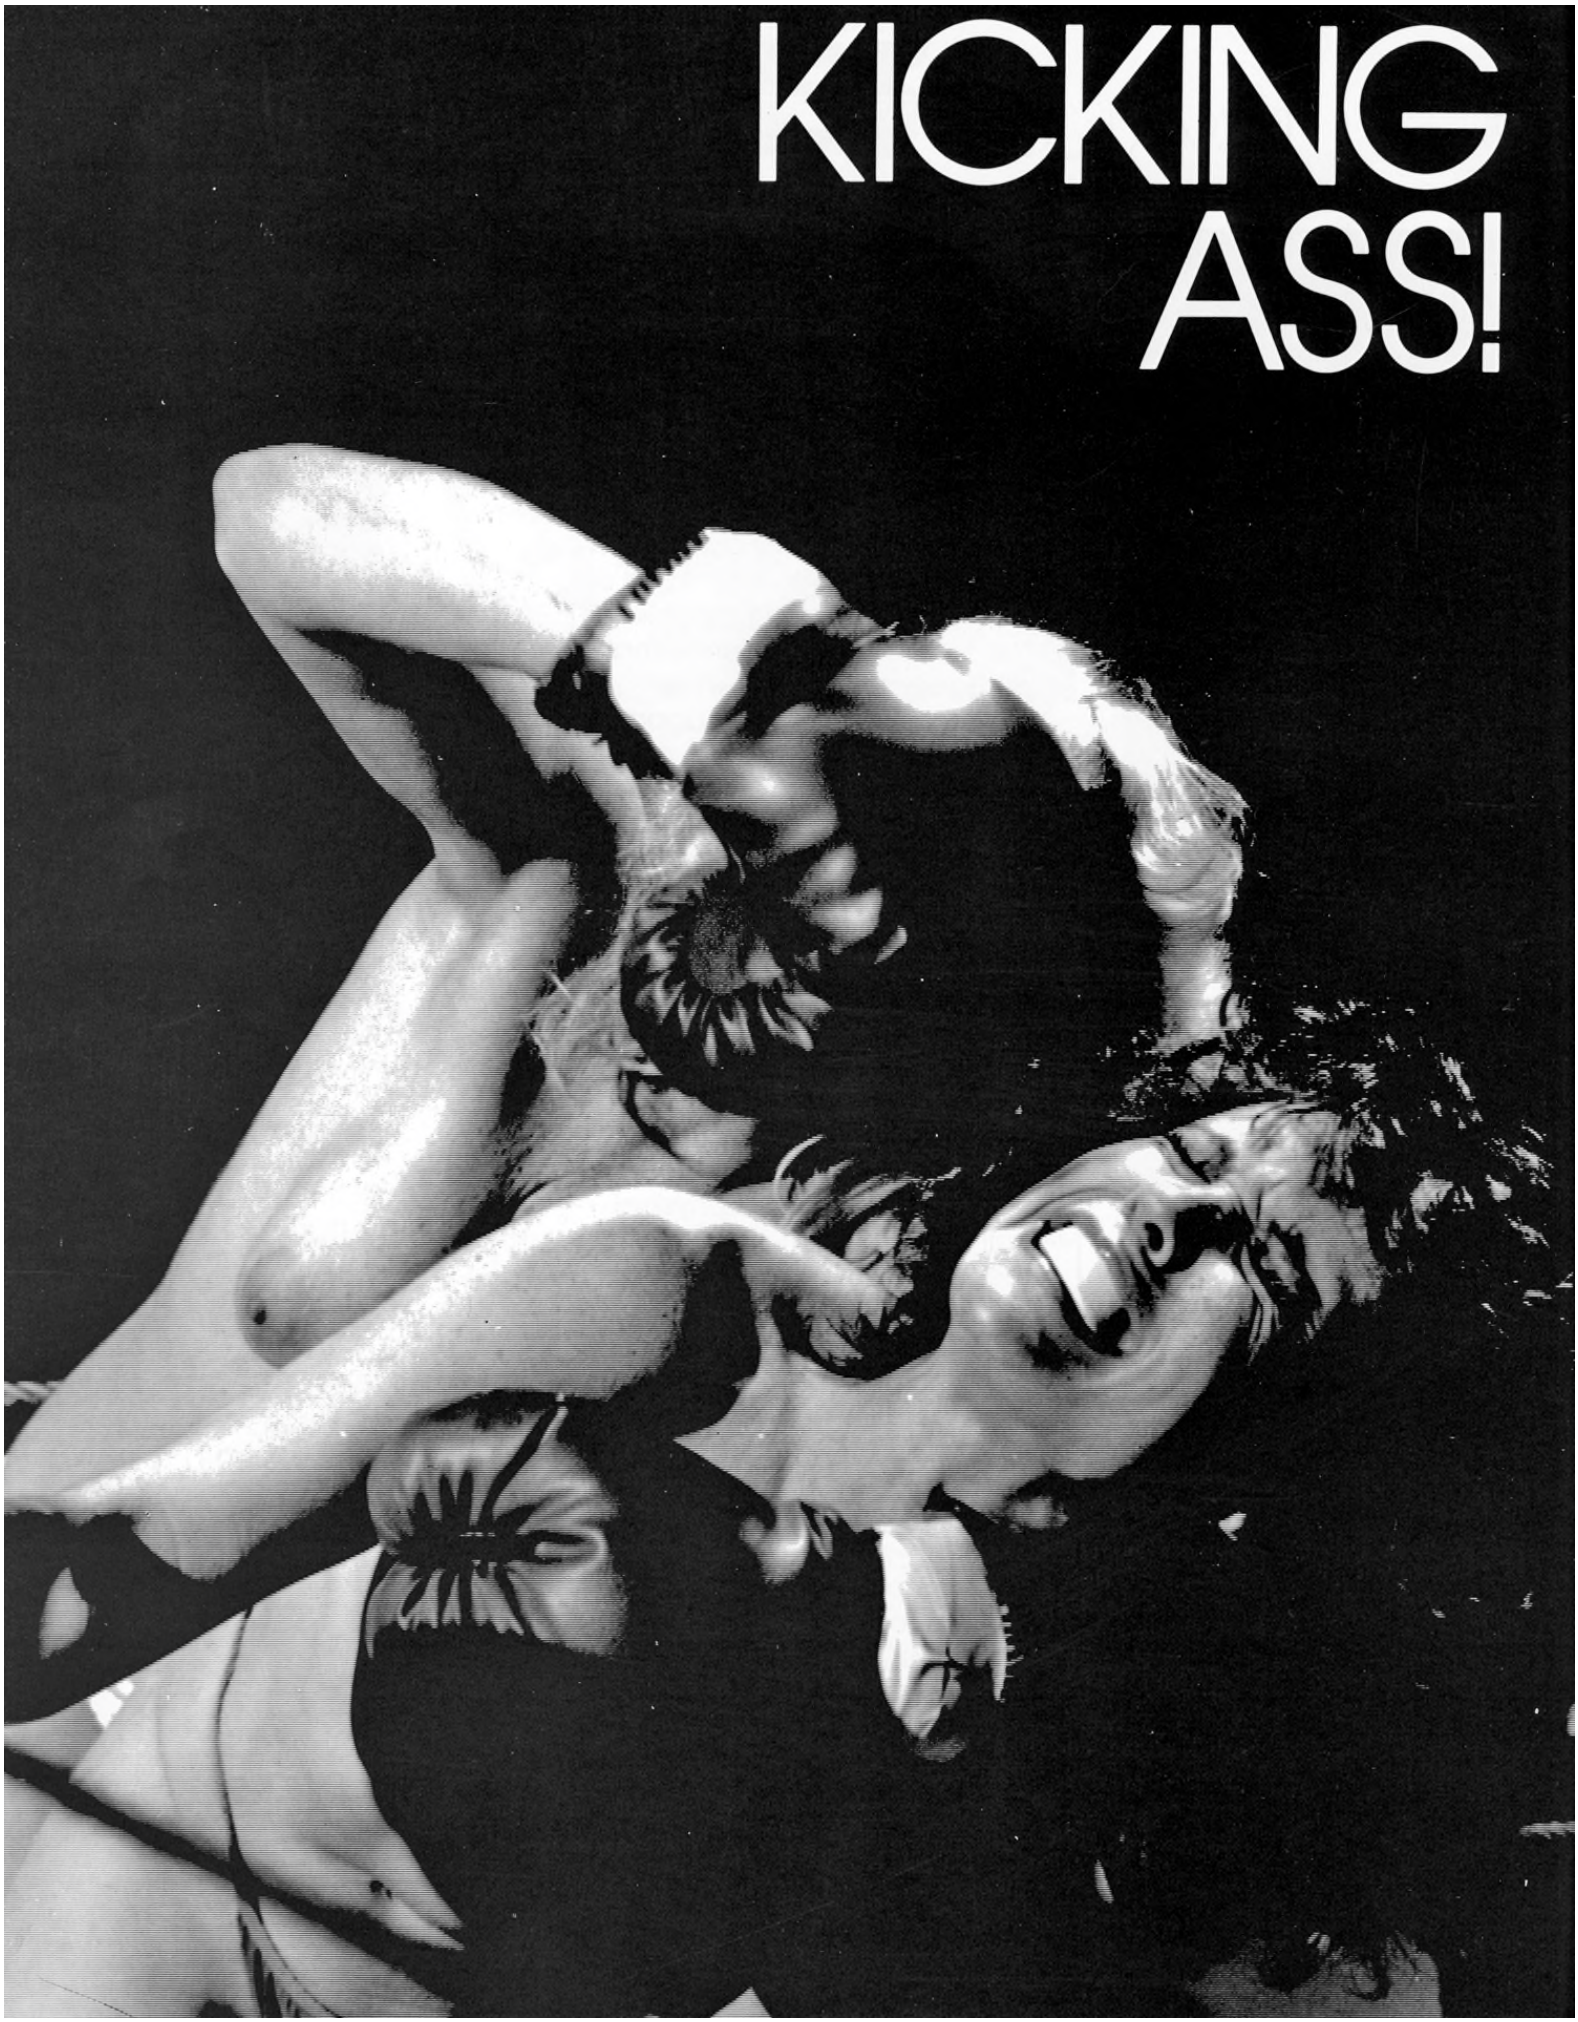
EDITORIAL

Spitfire takes you beyond the realm of your private fantasies. For those of you who like the ultimate thrill that female combat gives, you can witness such in this provocative new publication. We'll take you to the arenas where these women of war hangout. We will take you inside their world of raging hostility. You'll be able to feel first hand the violence that grips your entire body while threatening to tear you apart. The name of the game is kick ass or have yours kicked. The women that make the rules welcome any challenger who thinks that he or she can measure up to the brutal punishment that is dished out nightly in these hellish brawl holes.

Spitfire will also go behind the individual and find out why these women warriors like to get it on in physical combat with one another. You'll learn of the sleepless nights that are spent and the countless hours of physical training that is put in just so that they can endure the pain their bodies may be subjected to.

Turn the pages with us and see these tough ass stomping babes come alive and begin to slap, kick, claw and even punch their way into your living room, den or bedroom. After engaging in one of our physical wars, you will become a believer in the world of female combat action. Now gather your Gladiator equipment and prepare yourself to do battle with a Snarling Spitfire Bitch!

KICKING ASS!



A room is packed full of vociferous people. They await the blood thirsty battle that is soon to come. Suddenly the two female gladiators appear. Their eyes are burning with vengence as they look at one another. There can only be one winner and each is determined that they will be that ultimate one. The crowd now chants louder as the two warriors step into the ring. The referee gives his instructions while the two combatants stand poised and ready. Suddenly they back away from one another and prepare to do battle. The bell sounds and the pounding begins. Wild punches are being thrown while hitting their mark. Loud groans can be heard all throughout the room. One fighter catches a left cross to the jaw. Suddenly her mouth piece flys across the ring while blood and spit splatters her opponent. "I'm gonna kick your ass good bitch" one fighter shouts while the other only smiles while looking at her wounded opponent. In the next several minutes our wounded warrior rises and proceeds to literally beat the shit out of the smiling bitch. Does this seem gross to you? Spitfire magazine is not for the faint hearted fan. In order to cope with what we have to offer in this publication, you'll have to like the realm of female ass

stomping. In our cartoon introduction section, you'll experience the flavor of our erotic yet wild intentions. Our girls are rough and tough and would love to cut up a little ass while cracking a skull or two. (BY THE WAY WHEN IS THE LAST TIME YOU'VE HAD YOUR ASS STOMPED?)

OIL WARRIORS

I didn't know what to think when Lisa challenged me to a fight the other night. She told me that I had been screwing her man and that she didn't play that shit. I tried to tell her that she was totally wrong in her assumption but she didn't want to listen. I figured the only way out was to stomp this broad's ass. When she

told me to meet her over at Miller's Alley I told her that I was game. By the time I got there, she had the door unlocked. Once on the mat we started slapping each other and tearing at one anothers clothes. I became angry when she slapped me across my ear. We started to tussle and wrestle each other while still in our clothes. I became more angry when she started to rip my clothes and pull on my tits. It wasn't long before I had this bitch swimming in the oil while my fists were banging out my point against her head.

PLATO'S FIGHTING BITCHES

If anyone were visiting New York and wanted to see a real brawl, they could find one on any New York street almost. If they wanted some sensualistic pleasure to be involved in their blood and guts fights, one could step off into the world of Oil Wrestling, Mud Wrestling and even Boxing all at Plato's Retreat where beautiful women come together for a night of knock'em out type action. The women at Plato's who participate in these events are often fine examples of awesome strength and power that a female can possess after they've gone through ridged training routine. Women are no longer the weak sex that men once made them out to be. Now they have gone into the gyms and come out with muscled toned bodies and other warrior like features that would put them in a class by themselves. After seeing these babes train for their particular event, you can watch them in combat action as they fight for total supremacy in their world of pain, blood and bruises. Within this section we present Plato's World of Mud, Oil and Boxing. As you go on this brief photographic journey, you shall witness females thrusting forward in their quest to be number one.

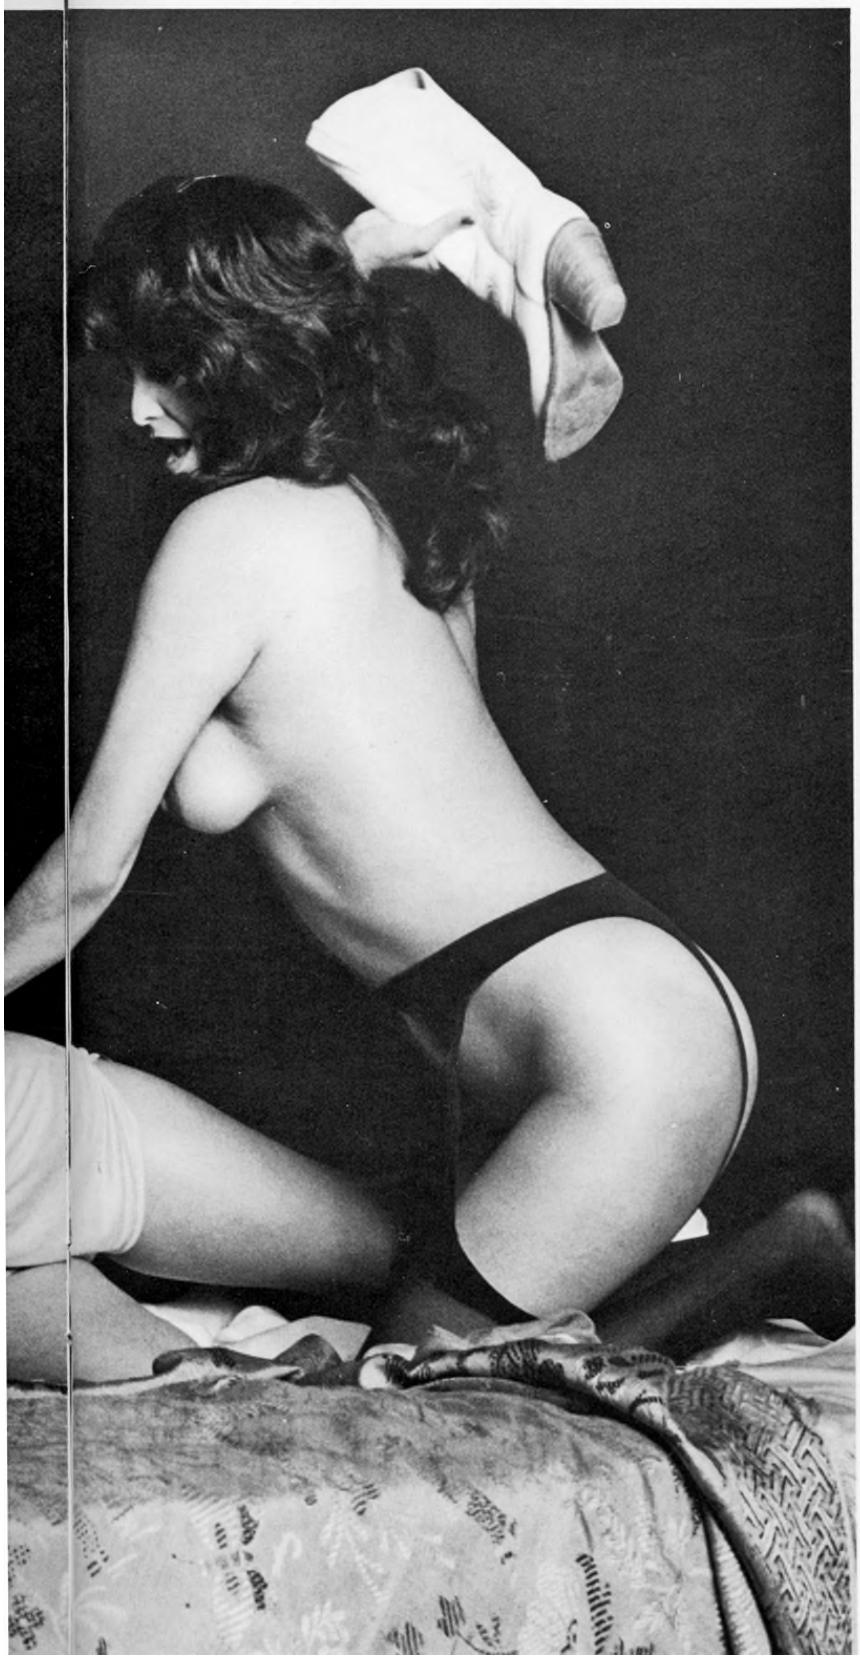
BAD MOUTHIN' HELLCAT!

Eve and I had been friends for a pretty long time that is until last weekend when we got into some serious ass kicking. I'm the type that don't like to fight but if you push me in a corner, I'll come out and really kick your ass or die trying. I was sitting in my bedroom admiring my body in a small hand mirror when she walked in. She was dressed in her usual boyish manner. I had often told her that I didn't think that I was attractive and she would always tell me that I was beautiful in her eyes. I had never guessed it out right but I somehow got the impression that Eve was gay. Every time I saw her, she was dressed like a guy. Even the day that she came over she had on these trunks and a basketball jersey. When I asked where had she been she told me that she



12

1

"She told me she wanted to get in my pants. I tried to struggle out of her grip, but she was too strong!"

had been pumping iron.

She came over to the bed and told me that she wanted to get inside my pants. At first I thought I heard her wrong but when she came over and grabbed me, I knew that she meant business. I tried to struggle away from her but it was no use. She was far more stronger than I had realized. I tried to break away but the bitch just started laughing and told me that I would do anything that she told me. I looked at her like she was crazy as she turned me upside down and started to whack my ass cheeks. I almost cried but I held back. Suddenly I got a burst of energy that came from deep within. I turned this babe over and started to tear her clothes off her. I wanted to do all sorts of nasty evil things to this bitch. I

started to grab her ankles and twist on them. Perhaps I shouldn't have done that because Eve got real mad then and started fighting like she was a wild animal. I tried to over power her but it was no good. Once more she got me turned over on my back and started attacking my body. I told her to stop but she started to lick my clit and bite my thigh. Suddenly our violence turned to sexual lust and we found ourselves thristing for each others bodies. She began to suck hard on my pussy as I fought to conceal my passion that I now felt. I started swearing at her but that only urged her on. I knew that I couldn't win without some type of deception so I pretended to give in to her advances. I told her to eat my cum juicing hole and eat it well. She got so carried away in her quest to make me surrender to her sexually and physically that she forgot all about my early struggles with her. When I felt her ease up I turned her good enough so that she was off balance. It was then that I made her pay with my twat. I ground my vagina into her face as my cum just smeared all over her cheeks. I wanted to fuck her with my pussy so I continued to give her mouth a riding that she would never forget. I even started cursing at her telling her to suck my parting asshole and to lick my hard clit. By the time that it was over, I had worn her out. Now the bitch is my slave. If I tell her to eat my asshole or suck my cunt dry she'll do it. The other day she told me that I was a bad ass bitch but I never pay any attention to that kind of talk. If you can kick ass, you can kick ass. That's the way I see it. One thing is for sure, she doesn't fuck with me anymore.

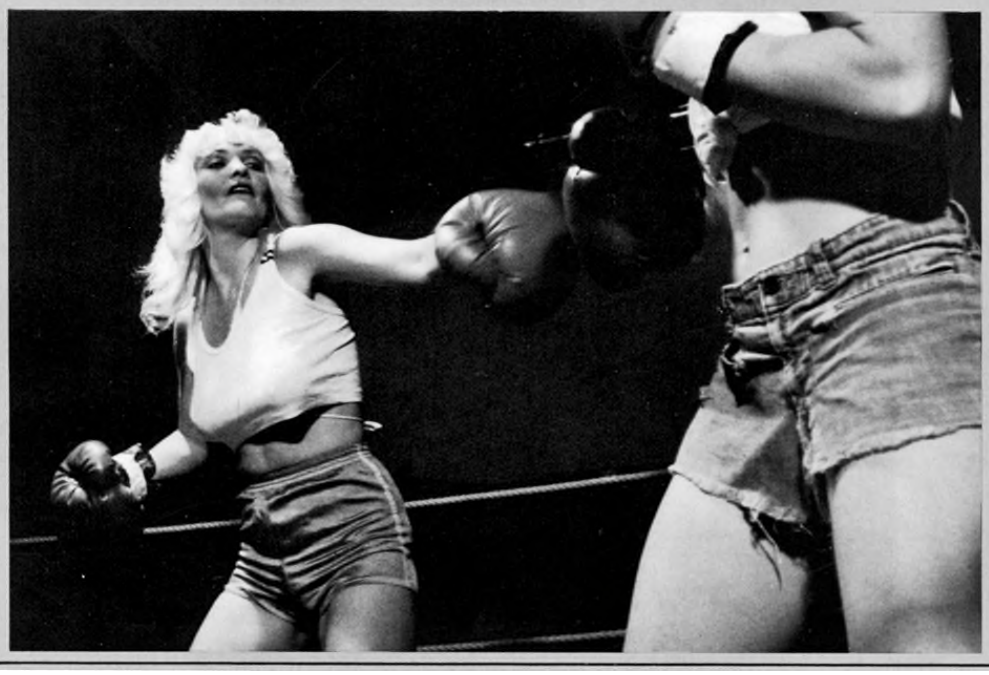
BITCH BAG

"TOUGH TALK FROM AVID ASS KICKING WORSHIPPERS!

Dear Spitfire,
I like collecting movies on battling women but I haven't been able to find any. I was wondering if any of your fans out there might have some old colletions that they might want to trade. I have a fantastic collection and I would like to trade it off with some real lovers of raunchy female combat. I really get off on seeing another woman kicking the hell out of her counterpart. I hope that you'll keep your bitch bag section because I'm sure that you're going to get a lot of input.

H. Wells
Marin County, California

Dear Editor,
I would like to tell you about the fight I saw at my local bar the other night. I had never in all my life seen two women go at it. I mean they were really throwing some powerful blows. I saw panties being ripped, clothes being torn and bloody noses and black eyes. What I want to know is where do I go to find female kick ass sessions like I found at my bar. If you hear of any please write and let me know. I'm an avid fan of female fighting and I'm sure that there are thousands of people out there who feel the same way that I do, including some women.



Mr. Editor,
Let me take the time to say that I saw your survey sheet and I'm writing to make a fucking complaint. I don't think that you or your crew have the guts to see some real live female action. I'm talking about the kind of shit where teeth get knocked out. Down in Mexico there are private ordeals where women beat the hell out of each other. I mean they really tear into one another. When I went to one of these affairs several months ago I was quite upset. There I was in my tux along with a few hundred other people watching two beautiful women claw and beat each other until they were so bloody that you could hardly recognize them. They were biting and scratching each other not to mention pulling each others hair out by the roots. By the time it was all over, both women had to be carried from the mat. At first I thought that I was going to be very ill but I found myself later becoming very stimulated by all of this. I even took the girl that I was with home and fucked her till she was raw.

L. Sutton
New York, New York

Dear Spitfire,
After reading your survey sheet, I've come to the conclusion that I'm a lover of female fighters also. I've even gotten erections from watching two women fight. I hope that Spitfire will have a long life. There have been times when I've wanted to get inside a ring and mix it up with some female fighter. I could picture her beating the shit out me and then making me do whatever she wanted. I find myself attracted to this kind of action.

T. Rollins

I consider myself a damn good boxer and I love to beat the fuck out of women who think they are tough. A lot of them talk a lot of good shit but to actually get in the ring and mix it up with somebody who ain't afraid is a different story. I like to knock babes on their ass when they box me. I'm not in it for the sport I'm in it because I like the combat. In case anybody would like to take me on, I'm a female, I stand six-feet, three inches tall and I weigh one hundred and eighty pounds. If you'd like a good ass stomping write to Spitfire and ask for the Phantom Destroyer. I'd be glad to fuck over you.

Phantom Destroyer,
North Hollywood, Calfiornia

When you low lifes address me, you must bow and take notice. My name is Sweet Millie and I'm one of those brawling babes that your company writes about. I'd like to give your company a show that you'll never forget. We're having a private match, by that I mean there will be fighting until another girl can't go anymore. It's not a duel to the death but it will be a physical ass kicking session. There will be only one woman standing in each match. So if you really dig covering this type of stuff I'm sending you a private invitation.

Ms. Lady
San Diego, California

To Whom it May Concern,
I want Brooklyn Bertha, or Brooklyn Bomber, or whatever that bragging bitch's name is! I got sick when I read the interview with her in your survey issue! She really thinks she's hot stuff, doesn't she? If she had the guts to climb into a ring with me I'd show her just how hard Western girls can hit! I'm the champ of our local fighting club and I bet that there are 3 or 4 girls here who are all tougher than she is! I want her! I want to punch her face into a bloody pulp in front of your photographers! Your article didn't say how tall or heavy the slut is, but if she's under 5' 6" and 130, I guarantee I'll kick her ass! No head protectors . . . regular gloves or bare knuckels . . . fight until one of us is knocked-out or submits. How about it, Brooklyn! All mouth?

D. B.
Oren, Utah

Dear D.B.,
We hear you talking. It would be nice if we could get your address and phone number to see how serious you really are.

Awaiting your reply

RETREAT

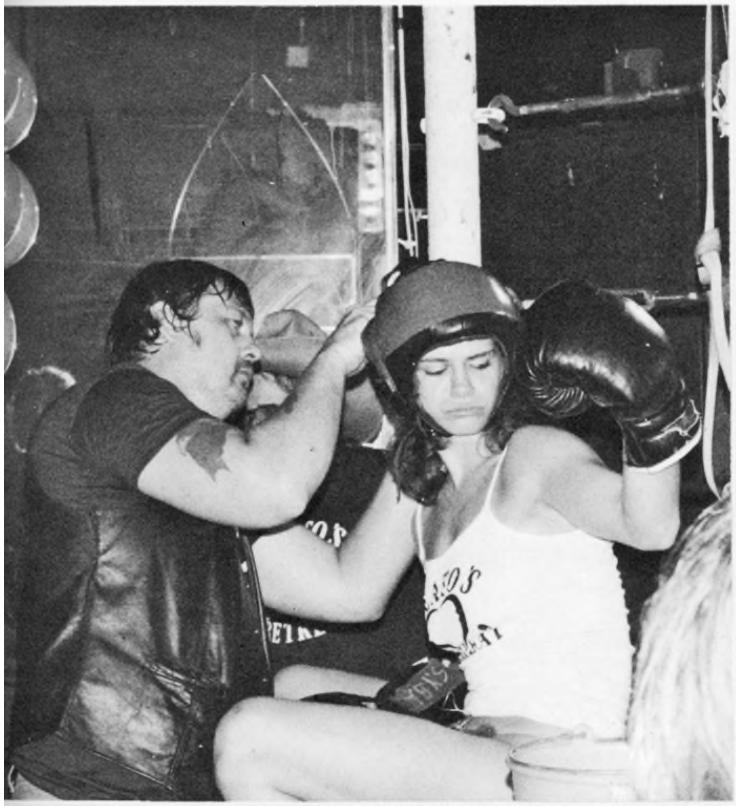
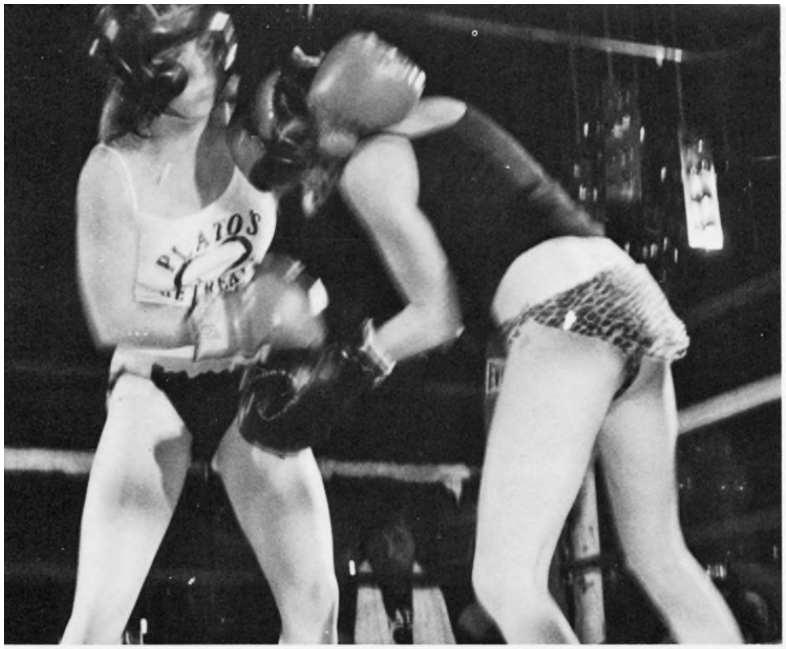
SCREAMING BARBARIANS!

On the east coast in New York's wild cosmic jungle sits one of the most prestigous swing joints in the world. Sex stares at you from all sides of this lavish play pen. The place is called Plato's Retreat. Men and women walk around flaunting their bodies while trying to catch a sexual freak for the night. Recently however Plato's added something new to their lineup of free sex and hot nights. The new event was to be a tribute to the Exotic World of Female Entertainment. Monday night was selected to hold this gala affair. The event that was scheduled was the Diane Simmes, Women's Boxing Show.

These precisioned machines train three times per week in a garage that was made into a gym for them. Their routine consist of punching the heavy bag, working the speed bag, torcherous sit-ups and many more grueling exercises that makes them tough physically.

They work the gym practicing combinations and working on their deadly knockout punches. While working out the girls watch and listen to their trainers like any seasoned professional would, knowing all the time





that the difference between kicking ass on some opponent rather than nursing a blackeye could come out of one of those training lessons. Dawning their tops to give the show a little more erotic flavor these Ass Kicking babes went for broke as they attempted to pound one another into a helpless state of submission.
